

113th Convention of the Episcopal Church in Utah

Report of the Episcopal Relief and Development

The efforts of the Episcopal Relief and Development are two-fold, disaster relief and assistance to those in need throughout the world.

In Utah for the year 2017, a total sum of \$63,679.49 was donated. These funds were from parishes and individuals. It has been a practice that during the fourth quarter of the year, funds donated was matched up to a certain amount. The donor has not been identified. Many parishes elect to send in funds the last quarter for this reason.

Information from Episcopal Relief and Development is available on-line and through messages sent to network coordinators. It would be helpful if each parish would establish a point person to receive any of these messages. Please send a name and e-mail address to me, Deanna Sue Adams, deannasueadams@gmail.com so I can update my list.

Thank you, Deanna Sue
